BLOOM OVER GLOOM

No matter how sunny or gray the months are leading up to full summer, splashes of flowers brighten any day. So does a freshening up of your outdoor furniture and accessories. Mix neutrals with stripes and checks for the most lighthearted look.

Sun Dance

The classic Santa Barbara single-canopy umbrella expands with more elaborate designs. There are two-tiered numbers with a keyhole valance or flirty flamenco creations in two-tone colors. **Santa Barbara Designs**, 800-919-9464

Yacht Bound

The **Domus Ventures** line of all-weather resin wicker features chairs and a tabletop upholstered in luxurious synthetic leather commonly used on yachts. The matching, freestanding screen adds privacy to a deck or patio. (The charming lamp is not weatherproof.) **Hauser's Patio**, Bay Park, 619-275-4770
