The Lido beach towel and cushion from Frette will add a touch of luxury to any summer setting, from beach to poolside. Shown in saffron and white, the pieces are made from absorbent cotton terry and are also offered in navy and slate gray with white accents. In the now-famous Slim Aarons shot "Poolside Gossip," starring the inimitable star of Palm Springs, Nelda Linsk, with her friends Helen Dzo Dzo and Lita Baron at the Richard Neutra-designed Kaufmann house in 1970, the far end of the pool is shaded by a double-decker umbrella in bright yellow, Linsk's favorite color. ("We had yellow throughout the house," Linsk remembers.) Santa Barbara Designs has re-created that moment with their Slim Aarons American Icons collection, just in time for summer, poolside. santabarbaradesigns.com
